Anu – Allen indicated you will review the glyphosate materials. Please see below.

Please provide any comments to Allen and me. Others are likely reviewing too and we'll need to coordinate NCEA comments.

Thanks, John

Thank you, Norm, for sending this. It's good that this is a high priority for Tom Burke.

Subject: FW: Draft Human Health Risk Assessment for Glyphosate

Hi all. We have a request from OSP to do a rapid review (done by Friday) of the OPP glyphosate herbicide risk assessment focusing on cancer. The note mentions that this is a high priority to Tom Burke. Please let me know ASAP if you have suggestions on people to review this. Thanks

Good afternoon,

Attached for review are 2 documents: OPP's draft glyphosate risk assessment, and the final report of their Cancer Assessment Review Committee (CARC). Providing ORD input on this assessment is of high importance to Tom Burke, so please let me know if your lab/center will be able to accommodate this request.

Deliberative Process / Ex. 5

If possible, let me know by noon this Friday if you identify any issues with the cancer assessment and with the overall document. If you don't think you can meet this deadline, let me know asap and we will raise this up through management to request more time.

Thanks for your quick attention to this. Please call if you want to discuss.

Jackie
